Time Raiders #2: Austen Layard discovers Nineveh

By David Harris

The Big Lie

Austen Layard was on a hunt for the truth about the lost city of Nineveh. His life was sometimes at risk because of people who told dangerous lies, but he was always willing to put his life on the line for truths that were important to him.

- Write down five lies you've been told.
- Write down five things you think are true.
- Write five things that are a mix of true and false.
- Is it ever right to tell a lie?
- Is it ever wrong to tell the truth?
- What is the biggest, most dangerous lie you've known?
